SAFER PLANNING

What steps can be taken to increase safety, reduce the likelihood of going missing and/or coming to any harm or harming others? Consider the specific stressors/situations where risk/vulnerability increases (example new relationships, substance misuse, peer influence, adult network).

Actions are drawn up with clear timescales and have clarity of who is doing what and when:

When will publicity be sought for a missing child?

- When is publicity required? (If the child is Looked After by the Local Authority, this should be agreed by the Assistant Director and in consultation with family).
- Will an image be shared? If so, to whom and when?
- Who will tell (NAME) that this is happening, their network and others impacted?

Any other actions?
